File No. _____

APPLICATION

Pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, Adelphia Communications Corporation, Debtor-in-Possession ("Adelphia") and Comcast Corporation ("Comcast") (collectively, the "Applicants"), hereby request the Commission's consent to transfer certain customer lines and accounts currently provided by operating subsidiaries (the "Carriers") of Adelphia (the "Transferor") to certain wholly-owned subsidiaries of Comcast (the "Transferee"). The Carriers provide domestic service pursuant to blanket authority under Section 214 and Section 63.01 of the Commission's Rules, 47 C.F.R. § 63.01.

This Application is subject to streamlined treatment pursuant to Section 63.03 of the Commission's Rules, 47 C.F.R. § 63.03(b)(2)(i), because: (1) the proposed

transaction will not result in the Transferee having a market share in any interstate, interexchange market of greater than 10 percent; (2) the Transferee will continue to provide competitive telephone exchange services exclusively in geographic areas serviced by dominant local exchange carriers; and (3) none of the Applicants is dominant with respect to any affected service. Furthermore, the proposed acquisitions will comply with applicable statutes and the Commission's rules and will promote the public interest by enhancing facilities-based competition in the provision of local telephony.

INTRODUCTION AND DESCRIPTION OF TRANSACTION

This application arises from a series of agreements involving Adelphia, Comcast, and Time Warner Cable. As a result of the transactions contemplated by these agreements: (1) Time Warner Cable and Comcast will each acquire various cable systems that, in the aggregate, comprise substantially all of the domestic cable systems now owned or managed by Adelphia (the "Adelphia Transactions"); (2) Time Warner Cable and Comcast will swap certain cable systems, including certain cable systems newly acquired from Adelphia and certain cable systems that they each currently own (the "Swap Transactions"); (3) Time Warner Cable will redeem Comcast's existing equity and limited partnership interests in Time Warner Cable and Time Warner Entertainment Company, LP, in exchange for the distribution to Comcast of certain cable systems and cash (the "Redemption Transactions"); and (4) Time Warner Cable will emerge as a publicly traded company, voting control of which will continue to be held by Time Warner Inc. In connection with these facilities-based transactions, certain

customer lines and accounts provided under Section 214 authority will be transferred among the parties.

This application, and the applications being filed concurrently herewith, seek Commission consent to accomplish the various transfers necessary to effectuate the Adelphia Transactions, the Swap Transactions, and the Redemption Transactions. A Public Interest Statement and copies of the agreements referenced above are being submitted to the Commission concurrently herewith and can be found in MB Docket 05-192.

This particular application pertains to the Adelphia Transactions. It seeks 214 authority to transfer certain customer lines and accounts from Adelphia subsidiaries to various subsidiaries of Comcast Corporation.
